### **7.1.5 GREEN CAMPUS INITIATIVE POLICY**

#### **Context :**

Our institution has been putting great efforts to keep the environment clean and green since its establishment. The main purpose is to identify and initiate lush green environment sustainability. An area is left in its natural form and acts as a natural habitat for biodiversity and large variety of species of grasses, herbs and shrubs.

#### **Scope of the policy :**

The green campus policy will develop eco-curricular and extracurricular practices that encourage students to take the lead in creating positive change. These initiatives call for a thorough review of green initiative. The main focus of this policy is 1. Clean campus 2. Eco-friendly pollution free campus 3. Awareness initiatives 4. Green audit.

#### **Objective of the policy :**

- To protect and conserve ecological systems and resources within the campus.
- To ensure judicious use of environmental resources to meet the needs and aspiration of the present and future generation.
- To integrate environmental concerns into policy plans and programmes for outreach activities.
- To continuously improve our contribution to climate protection and adaptation to climate change and to the conservation of global resources.
- To make the campus plastic free.
- To conduct environmental, energy, green audits from time to time.

#### **Policy :**

##### **Clean Campus :**

K.L.E. Society's G. I. Bagewadi Arts, Science and Commerce College, Nipani conducts cleanliness activities in the campus and beyond the campus in

accordance with the vision of Swachh Bharat Abhiyan. It commits to continue with this programme. The vision is as follow:

1. Generating mass awareness on cleanliness and hygiene amongst students and staff members by holding cleanliness drives. This is to motivate them to contribute in to proactive manner.
2. Activities under "Swachh Bharat Abhiyan" will be the key component of all community work being done by NSS, NCC and Eco-Club volunteers of the college.
3. Staff members will be encouraged to participate in the cleanliness drive in the college campus.
4. Events such as word poetry, speeches, skill on Swachh Bharat will be organized.

### **Eco-friendly Pollution Free Campus :**

We encourage our students and staff to use public transportation, we ask students and staff not to park in the campus. There will be a "no vehicle day" observation. The entry of automobiles inside the campus is restricted to control the air pollution.

### **Awareness Initiative :**

Outreach and education are of utmost importance so that all members of the campus community may value the objectives of the policy and help in its implementation. Our institution organized Seminars, Workshops, Conferences and other interactive sessions to facilitate effective implementation of the Green Campus.

### **Green Audit :**

Our institute aims to conduct a Green Audit regularly/ periodically of our college campus to assess our strengths and weakness to further our goals of sustainability. A green audit is a useful tool to determine how and where most energy or water or resources are being used. Green audit will promote financial savings through reduction of resource use. It is imperative that the college evaluates its own contributions towards a sustainable future.

## Certificate

This is to certify that the Department of Botany has conducted detailed "Green Audit" of "G.I.Bagewadi Arts, Science and Commerce College, Nipani" during the academic year 2023-2024. The green audit was conducted in accordance with the applicable standards prescribed by Central Pollution Control Board, New Delhi and Ministry of Environment, Forest and Climate Change, New Delhi. The audit involves water, wastewater, energy, air, green inventory, solid waste etc and gives an 'Environmental Management Plan', which the institute can follow to minimize impact on the institutional working framework. The performance of Institute was found to have good quality with respect to sustainable Green Practices. In an opinion and to the best of our information and according to the observations green audit gives a true and fair view in conformity with environmental auditing principles accepted in India.
