Report on

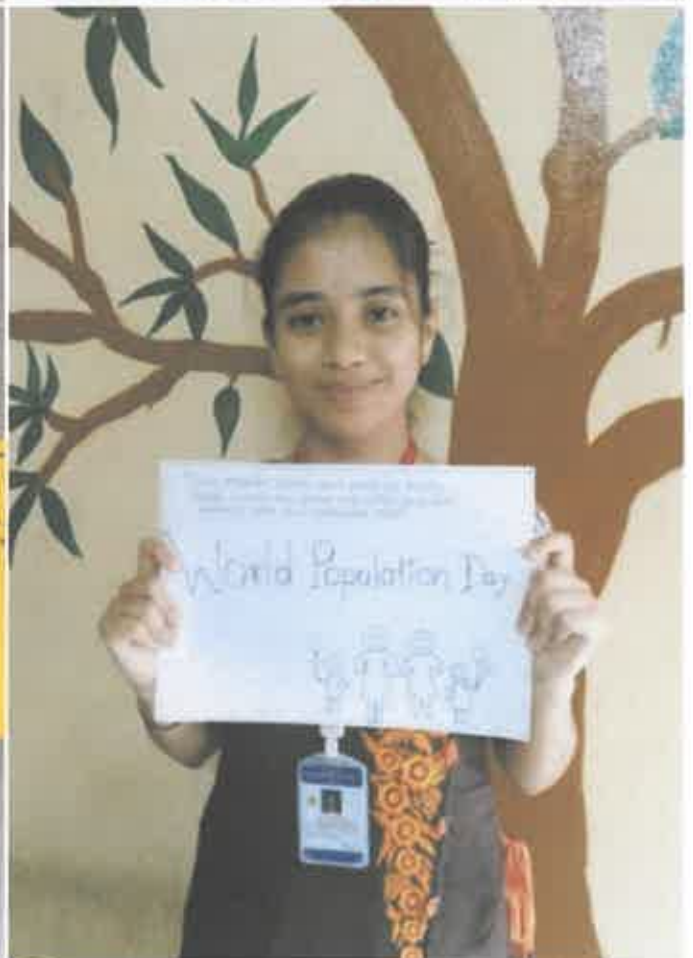

Series of Events organized on account of Observation of World Population Day 2021

As a part of the world population Day 11th July 2021, the department of Economics has organized the E Quiz on Population Explosion from 16.07.2021 to 20.07.2021 in order to create awareness and competitiveness among the students. The total number of student participants was of about 296. All the participants have issued E Certificates subject to minimum score. i.e. 40/100 marks.

In the event of Poster Messenger, our students were created awareness about World Population Day 2021. Further, students of BA and B.Com final year have created video regarding Population Explosion Issues and Consequences. They also have given a message to let people follow the family planning measures. They have shown the video by keeping it as their Whats App status and circulated you tube link among the communities.

Celebration of 75 Independence Day

DEPARTMENT OF ECONOMICS ORGANISES AN ESSAY COMPETITION ON

"Digital Payment System e-Rupi"

Digital payment is recent revolution in the transaction. Recently, on Aug 2-2021 Prime Minister of our Country launched Electronic Voucher based digital Payment system "e-Rupi".It is a medium which will be delivered to mobile phones of beneficiaries in the form of a SMS-string or a QP code. Every new initiative has some benefits and problems like: Is e-Rupi an app? What is e-Rupee? How e-Rupi works? What are its benefits? What problem arises? Is It digital currency Etc.

Keeping this view in mind on the occasion of 75th Independence Day Essay competition for Students is organized by the Department of Economics to create awareness about the cashless transaction.

All the students of BA, B.Sc.B.Com are hereby inform to participate in this competition

Summary

Evidences from historical events on epidemic and pandemics indicates the higher death toll, social, economic and governance disruption during their occurrence. Plague, Cholera, Small pox, Influenza and COVID-19 impact partially or fully on the nation and the world. But, the novel COVID-19 spreading across the world since its inception on 30th December 2019. By watching and observing the growth, extent and effects of COVID-19 in hotspot nations China, America, England and Australia, IQAC of our institution has taken an initiation to organize one day national webinar on multi-dimensional aspects of COVID-19 with the main theme "War Against COVID- 19; An Alarm to Mankind". It includes sub themes such as historical background and growth trends of COVID-19, impact on economy, education, environment, threats and challenges, policy strategies and contribution of warriors.

During two days, the six resource persons have highlighted on the theme and 20 papers are presented on different themes of the webinar. As much as 900 academicians and student have participated. This edited e-book is the outcome of this national level webinar during COVID- 19 lockdown. The e-book consists of seven chapters. Chapter I: Historical Background and Growth Trends of COVID-19, Chapter II: Impact of COVID-19 on Economy, Chapter III: Impact of COVID-19 on Education, Chapter IV: Impact of COVID-19 on Environment, Chapter V: Threats and Challenges of COVID-19, Chapter VI: Policy Strategies and Contribution of Warriors and Chapter VII: Papers in Kannada, English, Hindi and Marathi Languages. I thank to all the Members of Board of Management of K.L.E. Society, Belagavi and Local Governing Body, G.I. Bagewadi Arts, Science and Commerce College, Nipani for their cooperation and support to organize this event and bring out this book. I thank to our principal Dr. C.V. Koppad for continuous support and suggestions to materialize this event. I also thank to Dr. M.B.Kothale, Ambassador of UGC Paramarsh scheme for his guidance during pre-preparation and conducting this webinar. I thank the IQAC steering committee members, editorial board for executing the event. I thank the technical coordinators for monitoring the zoom meeting. I thank all the resource persons, paper presenters and participants for their contribution to the grand success and to bring edited e- book. My heartfelt thanks to Dr. Narayan Arundhekar for composing this ebook

DEPARTMENT OF ECONOMICS

INDUSTRIAL RECRUITMENT AND SKILL DEVELOPMENT: 22.1.2020

A Guest Lecture on Awareness of Industrial Recruitment and Skill Development was organized by the department of Economics on 22.01.2020. It was started with formal welcome to the Resource persons, staff and students by Dr. B. S. Kamble. The Resource Persons of National Employment Enhancement Mission (NEEM) Pune Dr. Amul Achrekar, Regional Manager and Shri Chetan Suryavanshi, Area Manager of NEEM addressed the final years students in morning session in the Golden Jubilee Conference Hall. Students of B.A., B.Sc. & B.Com. are benefited from this programme.

Time	Venue	Class	Participants
10.45	Golden Jubilee Conference Hall.	B.A,B.com and B.Sc	350
11.35 a.m.	B.Com. I Class Room	B.Com & B.A. II Sem	110
11.40 a.m.	B.Sc. II Class Room	B.Sc. II Sem	115
12.50 p.m.	M.Com. II Class Room	M.Com. II/IV Sem	20
02.00 p.m.	B.Com. IV Class Room	B.Com IV Sem	55
02.30 p.m.	B.Com. I Class Room	B.Sc. I Sem	105
Total Participants			755

In the second part of the programme both Dr. Amul Achrekar and Shri Chetan Suryavanshi create awareness among the students about the role of NEEM, the manner in which students can ready for industrial recruitments. At present scenario of Labour Market in addition to general / regular education one must have the different skills. This can be learned by involving in public activities Public University gives you the skill rather than regular curriculum. A good number of Skill Development Programme have launched by the central Govt. through Ministry of Skill Development in India. It is need of hour to aware and participate in short term and long term training programs to get jobs in any sector of the economy, SDP are filled the gap between general education and employability, unemployment and employment. Unemployment increases among education young population due to lack of skill knowledge. The programme was end at 2.30 p.m. and total 755 students were participated.

CERTIFICATE COURSE 2019-20
GUEST LECTURE
ON
LIGHT EMITTING DIODES
BRIEF REPORT

KLE's G.I.Bagewadi College, Nipani. Department of Physics started a certificate course in "Light Emitting Diodes" for the year 2019-20 from 18/02/2020. The function begins with welcome & Introduction of Resource Person Prof.Manoj Nandani by miss.Soundarya Patil. The Inauguration of the ceremony was done by watering a plant by the dignitaries on the Dias. A Bouquet was presented to a Resource Person by our beloved Vice- principal Dr. R.G.Kharabe.

Resource Person had spoken about the Light Emitting Diodes. He begins his speech with the introduction of the semiconductors i.e. n & p-type for forward & reverse bias. He gave the history of LED, he also explained the construction and working of LED. He also mentioned about the material combination used in it. Then he elaborated about the advantages & disadvantages of LED.

Dr.R.G.Kharabe presided over the function. He remarked that LED bulbs & tubes are more efficient than ordinary Filaments bulbs & CFC bulbs. They have long time period. There for this certificate course is Organised. He told Students to take benefit of this course.

At the end the vote of thanks was conveyed by Smt.G.M.Madanalli, Co-ordinator of certificate course.

A Brief Report of National Science Day Celebration

Under the auspices of Science Association on the occasion of National Day Celebration a guest lecture on “**Fascinating world of light Scattering**” was organized on 28th ~~March~~ ^{Feb} 2020. The Chief Guest was Dr. M .K.Rabinal, Department of Physics, Karnatak University, Dharwad.

Addressing the gathering the Chief Guest advised students to make use of their talent in proper way and by using the simple material available around us to perform the greater experiments like Dr. Sir C.V.Raman.

Delivering the lecture Dr. Rabinal said that light interaction is fascinating phenomenon. He explained the scattering of the light in visible spectrum and nannomaterials and Nannoscience. He mentioned about the broad applications of the nannomaterials. Lastly the unification of Raman Effect and Nanno-science was explained. This combination leads to the highly sensitive probes. He mentioned that Raman Effect is the fundamental discovery of Science.

Dr. C.V.Koppad, presiding over the function, detailed the importance and way of celebration of National Science Day. He also spoke about “Women in Science” the theme of this year. Meanwhile students gave speech on biography of Sir C.V. Raman in whose respect the nation celebrates National Science Day.

The function began with invocation song by Miss. Srushti Halagadagi, Smt. S.B.Patil, Chairperson of the Science Association gave welcome speech, Dr. R.G.Kharabe introduced the Chief Guest and the vote of thanks was proposed from compeering desk by Prof. Girija Madanalli and Miss. Priya Patil.

***Report on: Certificate Course in Chemistry on "Soil and
Water Analysis." 2019-20***

Certificate Course in Chemistry on "Soil and Water Analysis" 2019-20 was inaugurated by Dr. P. D. Shiragave, Associated Professor in Botany, Devachand College Arjunnagar, (Maharashtra) on 29th February 2020. Dr. A. S. Jaganure HOD Chemistry welcomed the august gathering and introduced the chief guest. Dr. S. B. Solabannavar was presided over the function.

Dr. P. D. Shiragave, addressed the students regarding importance of soil and water analysis for B.Sc.VI semester students (PCM & CBZ). He further gave an idea about Micro nutrients present in soil, and effect of excessive use of fertilizers by farmers which in turn spoil the fertility of land. He highlighted the importance of pH for both water and soil, use of fertiliser Ammonium Sulphate at optimum pH to get better yield otherwise it will be poison for soil. He added the use of parameters to distinguish between portable water and ordinary water during water analysis which includes acidity, alkalinity, salinity and turbidity and the use of instruments like pH meter, Flame photometry, Potentiometer, Spectrophotometers etc. He said that the certificate course may help the students to create new skills for future and make them to become self-dependent by establishing their own laboratory as an entrepreneur in chemical industries. Dr. Atulkumar A. Kamble concluded the function with vote of thanks. Miss. Soundarya Patil and Miss. Neha Patil compeered the function.

In all 155 students which includes 95 girls attended the function and benefitted to enhance their skills for soil and water analysis.

Report

On the eve of National pi day, Dept. of Mathematics conducted elimination round for quiz competition on 3.03.2020, 44 students have participated and 4 teams of 16 students have selected. For these selected 4 teams namely Aryabhata, Brahmagpta, Cauchy and D'Alembert, oral quiz competition was organized on 05.03.2020.

Chief Guest Dr. L.M. Angadi, HOD of Mathematics, Govt. First Grade College Chikodi, spoke why to conduct quiz, how it increases students skill and knowledge. IQAC coordinator Dr. B.S.Kamble explained that skill enhanced, skill developed programmes are very important for students in learning process. Students have to participate more in number for such programmes. President Dr.S.B.Soiabannavar, Dept. of Chemistry spoke on when quiz came into existence, through Radio,TV and how much it is importance now a days through KBC.

Dr.(Smt.) M. M. Shankrikopp given welcome speech and explained rules and regulations of quiz competition, Miss Girija Karaguppi and Sri Sammed Chougale conducted competition, Mr. Jinendra Magadam given introductory speech, Miss Nikhita Jadhav given vote of thanks , Ms. Karuna Samaje maintained result record and Miss Vinaya Khot anchored whole competition. Nearly 150 students have participated as audience. Cauchy's Team is winners and Bhramagupta team runners.

INTRODUCTION

Nipani is boundry place of Karnataka and Maharashtra. It is a tobacco growing area. It has highest percentage of Nicotine. There are tobacco godawans. Beedi industry is a cottage industry.

Beedi rollers are exposed to unburnt tobacco dust through cutaneous and pharyngeal rout. Studies have been conducted by B.Sc.I students on beedi rollers. The study was conducted to understand working condtions and health hazards of beedi rollers.

Materials and Methods

Descriptive and cross sectional community based study was carried out in mentioned area is done. Data entry by surveying is done by snow bolling , sampling technique is used. Here after interviewing with questionnaires and examining, the location another roller was approached till the entire area was covered. Informed consent was taken to participate In studies some beedi rollers refused to participate in studies thus the sample size was 65.

The beedi rollers where interviewed regarding there social economic status working condition and health problems. Observations were made during the interview regarding proper lighting ,ventilation and overcrowding. Data entry and statistical analysis were performed.

Aged distribution study was done. Only female were involved in this occupation. Work is done at home. There is no separate area for work.

- About 60% women were illiterate.
- 10% studied till SSLC and primary schooling.
- Half of them had Beedi rolling at the age 11-15 years.
- 6 of them has started tender age of 5 years.
- Maximum age at which female started at 21 years.
- 50% started this work because their family was involved in this work. Work is done at home there is no separate room for the work.
- 5-10 women work for 10-12 hours per day.

They are not given paid leave they are paid for 500-1000 Beedies per day. 60% of women make 1000 Beedies per day they work on average daily wages of 100. A Women seats in a upward working position for many years. In many cakes there children are not involved in this work. They go to schools.

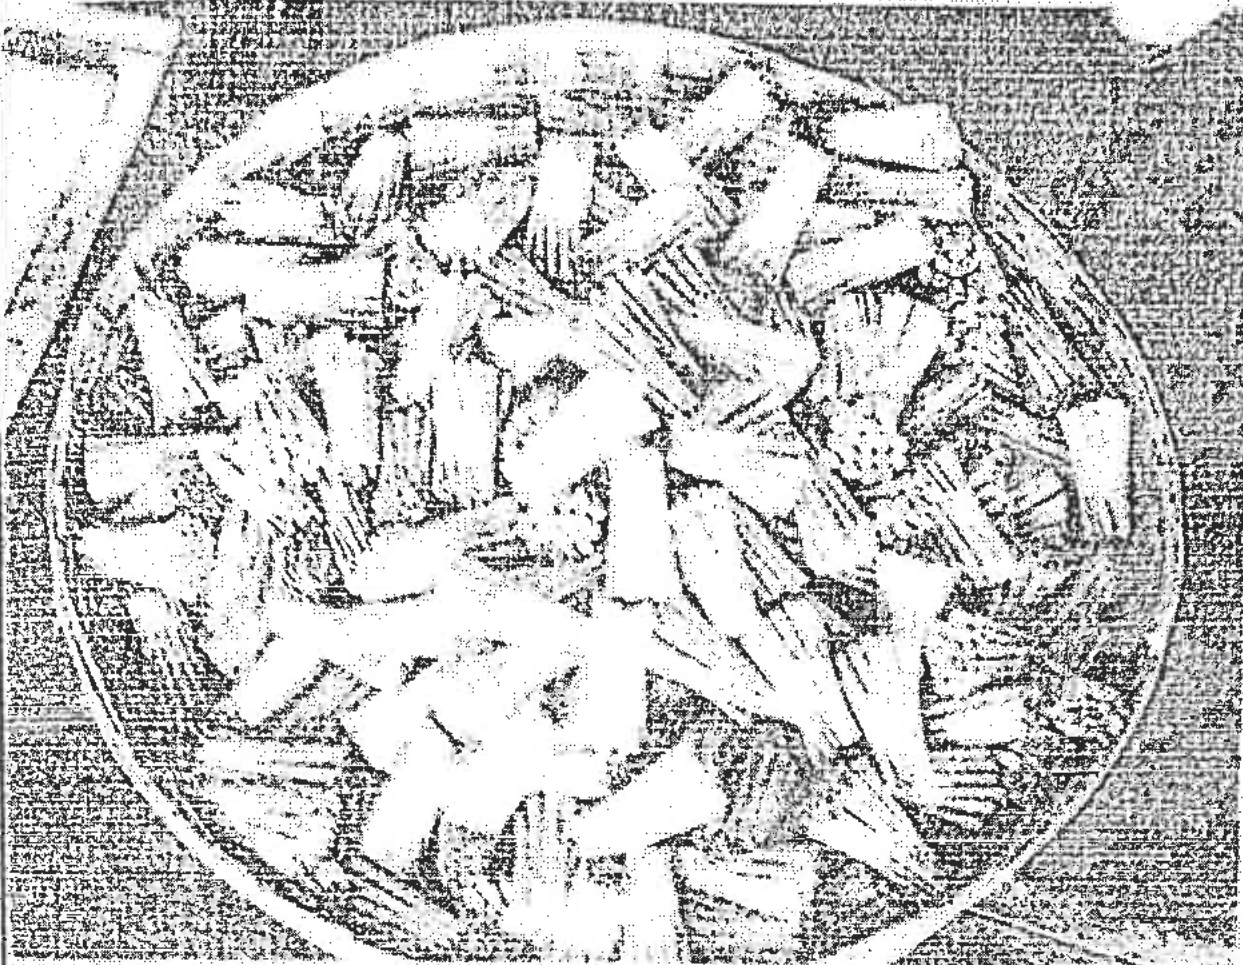

None of them were masks / gloves they were not aware of safety measures almost none of aware benefits provide for them under various laws.

Overcrowding is seen almost in all the houses.

- Only 15% in houses adequate light was observed.
- 25% of houses ventilation was there.
- The morbidity in beady rollers are-

Conclusion

It was a memorable visit. We observed many instruments used in microbiology lab concerned to our syllabus that helped us to understand the subject better. We learnt about the principle, working and uses of many instruments that made our visit so interesting and useful. Wholly it was a great experience.

AKNOWLEDGEMENT

As part of curriculum our project on microbiological lab equipments has been successfully completed with the co-operation of the zoology department. We are thankful to our Principal Sri. M. B. Kothale for giving permission to visit to B.S.R.C belagavi . we are thankful to Dr.Sanjay Mishra ,scientist gradeII of JNMC belagavi for their valuable information about B.S.R.C and we are also thankful to Dr Sunil Doddmani ,scientist gradel of jnmc belagavi for their valuable information about microbiological lab equipments . We are thankful to HOD of zoology Dr.V.R. Nalk for their encouragement and support. We are also thankful to Prof K.I. Pattan and Prof . G.A. Dhekale for their guidance and support.

A Brief Report of Guest lecture on "Solar Cells"

Under the auspices of Science Association on the occasion of National Day Celebration a guest lecture on "Solar Cells" was organized on 28th February 2019. The Chief Guest was Dr. S. A. Vanalakar, Department of Physics, K. H. College Garagoti, Dist: Kolhapur. Addressing the gathering the Chief Guest advised students to make use of their talent in proper way and by using the simple material available around us to perform the greater experiments. Delivering the lecture Dr. S. A. Vanalakar said that Solar Cell preparation is very easy technique but none of the Indian company has come forward to fabricate it. Though the solar energy is available in abundance (23,000 TW) we are using very less that is one percent (only 16 TW). So every youngster of India should come forward to work on this aspect, which will make India amongst developed countries in total consumption of renewable energy. Dr. M. B. Kothale presiding over the function gave call to the students to come forward to learn more of science and to be the part of scientist. He gave the importance and way of celebration of National Science Day. Meanwhile students gave speech on biography of Sir C.V. Raman in whose respect the nation celebrates National Science Day. Certificates and prizes are distributed by the dignitaries to the winners of various activities organized by the Science Association. The function began with invocation song by Miss. Srushti Halagadagi, Smt. S. B. Patil, chairperson of the Science Association gave welcome speech, Dr. R. G. Kharabe introduced the Chief Guest of the Day and the vote of thanks was proposed by Prof. Shrishail Narwade and the compeering was by Smt. S. S. Sunnal and Miss. A. Y. Maniyar. During the function all the science teachers and 230 students were present

Introduction

Birds are warm bodied creatures with wings and feathers. The body temperature of birds is generally higher than that of humans, so they seem warm to the touch. Birds lay eggs which they incubate until hatching — or, in some cases, get some other bird to do the incubating. In some species such as our songbirds, the young hatch naked and helpless and must be fed and cared for by a parent bird. Others, like the chickens and their relatives, produce down-covered young that are able run about and feed themselves. They are still dependent for protection upon adult birds.

Birds range in size from thumb-sized hummingbirds to ostriches larger than a big man. Most birds, of course, fall somewhere between these two extremes. One common bird, the American Robin is about 10 inches in length, approximately the handspan of a large man. The smallest american birds are some species of hummingbird that could nest and raise a family in the cupped palm of a child. The largest are the cranes and herons, which, when standing erect, are almost eye-to-eye with a human adult. The nearly extinct California Condor has a wing span of almost 10 feet, and the Bald Eagle spans 7 feet. Birds walk, run, hop, swim, perch, cling, fly and even dig. They live in woodlands, open areas, cities, farms, lakes, swamps — even the open ocean.

INTRODUCTION

Colouration is one of the protective adaptations which has defensive value of harmonizing with surroundings. The effect of colouration is concealment because the animal becomes indistinguishable from the background. It helps both the prey animals and predators in different ways.

Mimicry has defined as the protective adaptation of animals due to which they acquire resemblance to other organism and to inanimate objects in form, Colour, attitude and action and thereby escaping observation or advertising an apparent harmfulness which is not at all real.

"A National habitat, coloration & Mimicry"

According to IVth semester syllabus we all B.Sc IVth sem student of zoology had been to "KANNERIMATH" animal sanctuary nearby Kolhapur to study & we have observe the nature habitat of animals. Actually we observed different types of birds, animals & insects. so we decide to make the project on nature habitat, coloration and mimicry Kanneri sanctuary.

DEPARTMENT OF BOTANY

In the modern technological era, everything has become mechanical. In learning process time becomes short. Everything is visual, non-practical. In this context, to bring the awareness and to retain the culture, art, creativity along with the science, on the eve of International Science Day, the Department of Botany and "Eco-Club" have jointly organised an Inter- Collegiate Clay Modelling Competition for all degree students on 13th March 2018 at 11.00 a.m.

The theme and conditions for the competition are given below-

Theme:

Science models (animals, plants and their organs, science instruments, any models related to science)

Conditions:

- 1) The duration for the preparation of models is 2 hr
- 2) Participants should bring necessary requirements on their own
- 3) Entrance fee is Rs. 100.
- 4) The decision of the judges will be the final

1) First prize – Rs. 1500

2) Second prize – Rs. 1000

3) Third prize – Rs. 500

The interested students can enrol their names to the following staffs on or before 10th March 2018 in the Department of Botany, K. L. E. Society's, G. I. B. College, Nipani.

INTRODUCTION

An advanced research centre KIDNAR established in the year 2007.

The primary objective of the centre is to identify hereditary disorders prevalent in north Karnataka and to conduct advanced research.

According to Pramod B. Gai, professor and coordinator, Department of Applied Genetics and Principal Investigator of the centre, studies have revealed the high frequency of consanguineous marriages especially uncle-niece and first cousin marriages south India.

“Marriages between close relatives are high in rural north Karnataka. This increases the frequency of homozygosity of harmful recessive genes in the population and in turn, increases the co-efficiency of inbreeding. As a result compared to other areas, there is a high frequency of hereditary disorders in the region,” he said.

The research conducted at the centre would be at four levels — Single Gene Disorders (for example, Sickle Cell Anaemia, Thalassemia, Haemophilia), Chromosomal Disorders (Down’s Syndrome, Turner’s Syndrome, Klinefelter Syndrome), Biochemical Disorders (Phenyl Ketone Urea, Galactosemia, Alkaptonurea) and Multifactorial/Polygenic Disorders (Diabetes, Cardio Vascular diseases and various types of Cancer).

According to the initial plan, the tests would be conducted on samples taken from patients who approach Karnataka Institute of Medical Sciences (KIMS) Hospital, Hubli, for treatment. During the next stage, the facility would be extended to other government and private medical colleges in north Karnataka.

The facilities would be extended to other parts of the State in phases. B. Vijay Chandra, Head, Department of Anatomy, KIMS, T.A. Shepur, Head, Department of Paediatrics, KIMS, M.L. Kulkarni, Head, Department of Paediatrics, JJM Medical College, Davangere, and K. Thangaraj, Senior Scientist, Centre for Cellular and Molecular Biology, will be assisting in setting up the centre.

ACKNOWLEDGEMENT

We the B.Sc. VI th semester student of zoology, wish to thank our teachers, Dr.vidya Naik, HOD of the zoology, miss. sampatta hegade, miss. Komal chandrakude who has encouraged and worked with us in completing this project.

Our teachers of zoology department were well co-operative and gave us more relevant information about KIDNAR. And special thanks to Mr. Rajat Hegade and Miss. Smita Hegade who guided us to know more about the KIDNAR and showed the demo. Lastly it was a very unforgettable and highly memorable study tour to all of us.

Report on Guest Lecture on the topic implications of GST on Indian economy

The Department of economics organized a Guest Lecture on Implication of GST on Indian Economy on 16th October 2017. Dr.P.S. Kamble, Professor and chairman, Department of Economics, Shivaji University, Kolhapur was delivered lecture. Around 85 students and 6 faculty members were participated in the event.

The brief summary of the invited lecture highlighted below:

GST at word Scenario indicates that more than 160 Countries including 34 OCED member countries have GST. Newzland (1988), Malyasia(2015) , The Highest GST in Australia (15%) Baliren (57%) Canada (15%) China (17%) Japan (8%) Kuit (5%) and in India in intial stage 28% and now 18% Indian GST Council borrowed Cradial gst Model in order to avoid Multiple tax rate for sound tax system and 'One country One tax policy was implemented on 1st July 2017.

Speaks that India is taken candian model of GST Tax rates pre GST and post GST slabs in type countries , GST Slabs was more in the beginning and recently it has been reduced from 18% tax on AC restaurants and luxury goods and services .2 to 5%, 12 to 5%, 18 to 12% 28 to 18% at present 17 indirect taxes are abolished in center & state list

While talking on impacts he said that its impact production in favorable an agriculture where the inputs are not having GST ,production also position effective because 17 Indian taxes are discarded since 80% of Commodities taxed 18% more consumers will be benefited ,30 to 35% commodities exempted from compotion goods .But the rinol consumers have not benefited as their P P Per day is less than 20, The international trade adversary effect because is increase the imports and the exports promotion on

But there are some misconceptions because in some cases the sellers puts the GST affect MRP and even they GST on health and Education on which there no GST. There is a on weather GST is confirmed or stop but he said that is global process and it needs reforms rather than remove & he suggested that need of effective awareness , trap the black money, corporate tax duties to be settled and govt, should cancel the tax exemption.

INTRODUCTION:-

As per the syllabus of Rani Channamma University, Belgaum B.Sc. sixth semester students have to make one project on applied zoology. so we take poultry as a project subject.

Today poultry operates a commercial basis & has become a full-fledged industry. at present India produce about 22,880 crores of eggs & 3, 25,000 tons of poultry meat of a year.

Hence all the our group members are decided to visit poultry farm in Yarnal. Which is 3km away from Nipani. This poultry farm are most popular in Nipani region.

As per planning all students on 5-2-2017. Gathered together in the college. We left Nipani around 11:00 am there we observed the meat purpose breed i.e. saguna & white leghorn. Owner Sanjay Shetake was explained the knowledgeable information like poultry breed maintenance & how to care chickens? diseases & control methods.

By seeing the poultry farm in Yarnal we became surprised because such a big shade it was. There were total 6 large shades in 5 care land & two different breeds. as a time was limited now we had return we left the place & at 4:30 pm we reached Nipani.

Types of Breeds Based on Utility:-

- (i) Layers = they are birds that are reared exclusively for layering eggs.
Ex = keystone & rani shaver.
- (ii) BROILERS = these are the birds are only used for meat production.
Ex = white leghorn & saguna.

Types of birds in India:

[I] Indigenous or Desi birds: These birds are native of India. Mostly poor Layers & eggs are small in size.

[II] Exotic Birds:

These breeds originated outside the India & Improved in our country.

POULTRY MANAGEMENT

The shade home should be constructed in The Direction from west to east direction

Brooding is the care & management of young chicks for four to six weeks immediately after hatching . care taken during after Brooding

Temperature is an important factor governing growth of the chickens . the optimum temperature for brooding is 33°c during the first three days.

Proper ventilation is necessary in poultry shed. Poor ventilation result in the accumulation of carbon dia oxide & water vapour which may lead to microbial infection.

Adequate Floor Space is to Provide for the proper development. When chicks Grow about 500 sq.cm of floor space is to be provided

Feeding of poultry birds is an important part of rearing. The quality of food has a direct . yellow maize Rice polish Ground not cake common salt with sufficient amount of vitamin & minerals

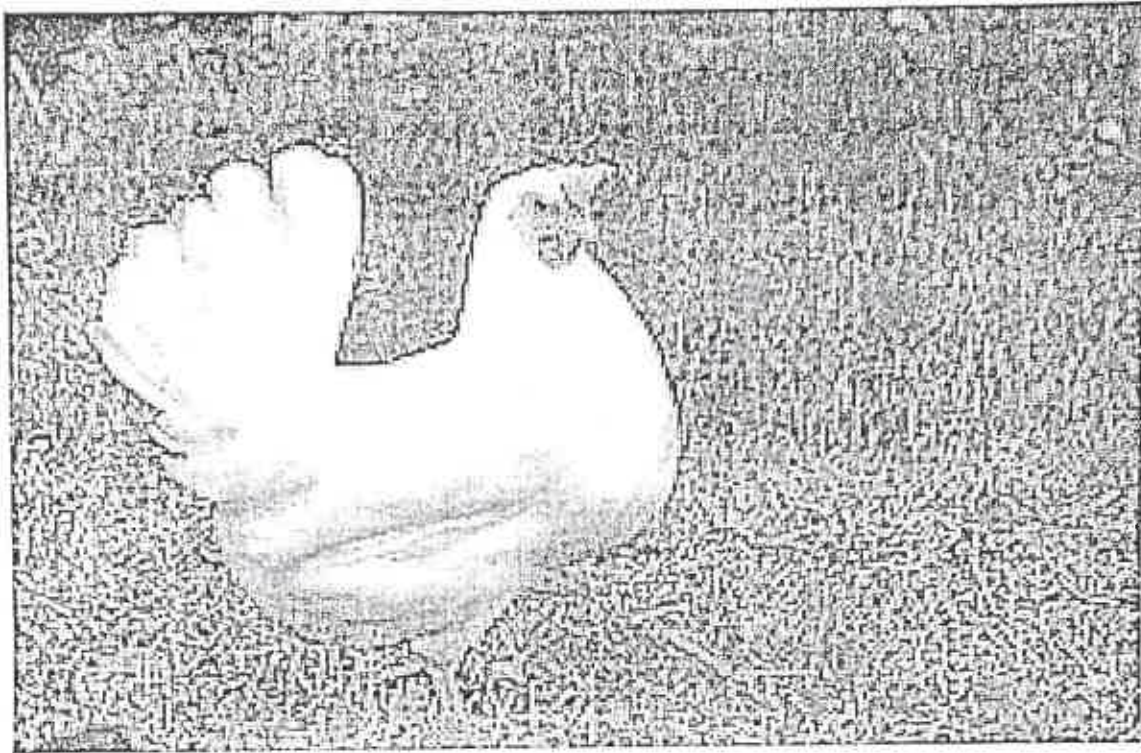

In Winter season heaters are used to give warmness to the fowl.

The area of visited Farm is 15 x 300 sq Foot & at every lot 1500-1650 birds are ready for marketing purpose

OBSERVED BREEDS IN THE VISITED POULTRY FARM

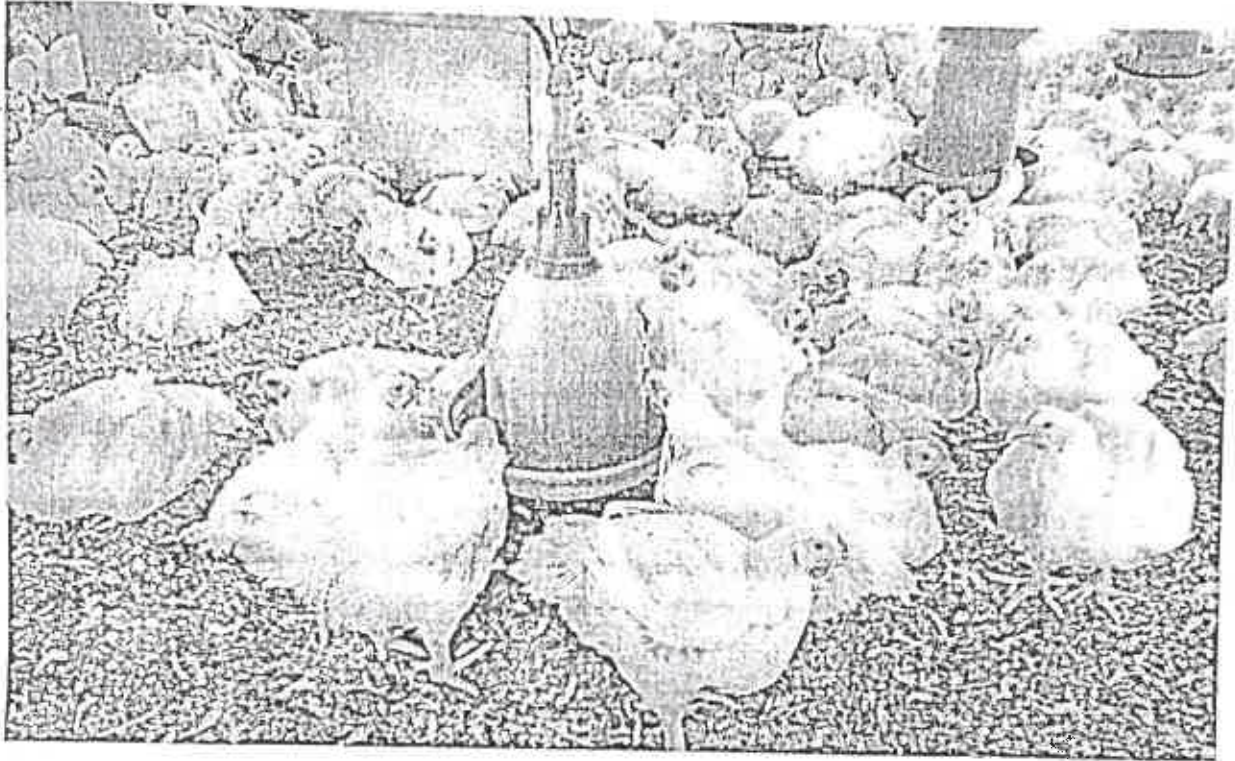

White Leghorn-

- [1] It is commercial layer bird which reared specially for eggs.
- [2] Originated from the city of leghorn in Italy
- [3] It is world's number 1 eggs produced white in color
- [4] Egg production is around 200-250 eggs.
- [5] It passes single or rose comb.
- [6] The male weight about 2.5 kg and female is about 2 kg

[III] Saguna:-

- [1] It the Broiler type of breed and used for meat purpose.
- [2] It is commonly found in Maharashtra and some region of Karnataka.
- [3] Saguna layer breed is unmatched for its production quality.
- [4] Saguna chicken is the leader in the Indian Broiler chicken market.
- [5] Available through a network of 25,000 outlets.

Conclusion

Dairy is the small scale industry, which can increase the economic strength of the Nation.

Milk products are widely used throughout the world e.g. butter, ghee, curd etc....

Mainly cattle's are known for their mulching & draft purpose but rather than they are also known for their utility in biogas production leather, gelatin production & production of very useful organic manure.

A cow can produce milk only if it has given birth to a calf; a cow usually gives milk for about 10 month. A cow that does not give milk is called dry cow, dairy cow gives milk for about 5 to 6 years but some to give for a longer period when they no longer give milk they are usually send to livestock market for processing into beef.

A farmer can increase the amount of milk, butter & fat produced each year from cow by giving proper diet.

ACKNOWLEDGEMENT

As a part of our curriculum our project on Dairy Farming has been successfully completed with the co-operation of the Zoology Department of our college. We acknowledge our gratitude to all the members of the staff for providing the necessary literature & field knowledge.

We are very thankful to our teachers for organizing such a kind of visit of field visit at ARC Campus Nipani. INTRODUCTION

Mainly we the biology degree students must study the interrelationship between the organisms and their environments. Now a day's teacher also teaches practically than theoretically, so we can understand very easily.

We have been asked to do research on birds. So we close to do the project on birds. That is collect the information about various kinds of birds and which are become endangered so how to protect them. Then we the students of Bsc, First year and our teachers decided to visit such a suitable place where we can study about the birds and observe the birds clearly.

◆FIELD VISIT PLANNING:-

Our teachers suggested such suitable place. So as per the suggestion of our teachers we decided to visit Agriculture Research Station Campus Nipani. It is behind our college campus.

◆FIELD VISIT REPORT:-

So as per the planning we all Bsc students gathered in our college campus around at 6:30 Am. And we went to observe the birds. We all are very excited to watch the different kinds of birds and collect the information about the birds. When we reach there our teachers explain the history of that place. As we are roaming we are watching many birds and our teachers explaining it very beautifully. Our teacher told that, how birds will survive, how they can build their nest and many useful information about the birds. At noon we all students and teachers took lunch together. It was a wonderful moment for us because beside a study tour enjoyed it with our teachers. At around 5'O clock we decided to return. We got many things about the birds that we are not known. It was very useful study tour for us. Also we understood about the nature. If such a tour will organize in every semester then we can clear our doubts and we can understand the things practically more than the theoretical.

PIGEON

CLASSIFICATION:

Kingdom : Animalia

Phylum : Chordata

Class : Aves

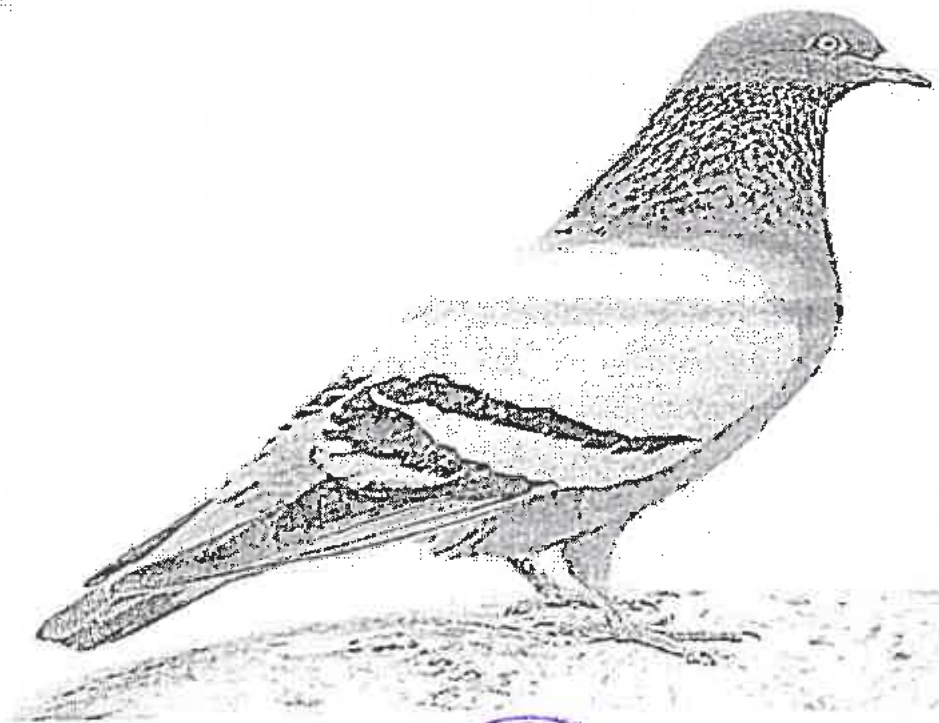

Order : Columbiformes

Family : Columbidae

Genus : Columba

Species : *C. livia*

Subspecies: *C. l. domestica*

Columba livia:

The domestic pigeon (*Columba livia domestica*) is a pigeon that was derived from the rock pigeon. Pigeons constitute the bird family Columbidae, which includes about 310 species. The rock pigeon is the world's oldest domesticated bird. In general, the terms "dove" and "pigeon" are used somewhat interchangeably. *Pigeon* is a French word that derives from the Latin *pipio*, for a "peeping" chick, while *dove* is a Germanic word that refers to the bird's diving flight. In ornithological practice, "dove" tends to be used for smaller species and "pigeon" for larger ones. Research suggests that domestication of pigeons occurred as early as 10,000 years ago.

Pigeons have made contributions of considerable importance to humanity, especially in times of war. In war the homing ability of pigeons has been put to use by making them messengers. So-called war pigeons have carried many vital messages and some have been decorated for their services.

Doves and pigeons build relatively flimsy nests – often using sticks and other debris – which may be placed in trees, on ledges, or on the ground, depending on species. They lay one or two eggs at a time, and both parents care for the young, which leave the nest after seven to 28 days. Unlike most birds, both sexes of doves and pigeons produce "Crop milk" to feed to their young, secreted by a sloughing of fluid-filled cells from the lining of the crop. Young doves and pigeons are called "squabs".

•**Food:-** Pigeons and doves eat a variety of grains, seeds, greens, berries, fruits, and will occasionally eat insects, snails and earthworms in the wild.

•**Voice:-** It Produces Smooth Voice Coo, Coo, Coo...

•**Habit:-** The family has adapted to most of the habitats available on the planet. These species may be arboreal, terrestrial, or semiterrestrial. Various species also inhabit savannas, grasslands, deserts, temperate woodlands and forests, mangrove forests, and even the barren sands and gravels of atolls.

•**Range:-** India, Afghanistan, Algeria, Austria, Belgium, Bhutan, China France, Germany, Iceland, Iran, Iraq, Ireland, Italy, Kazakhstan, Luxembourg, Myanmar, Nepal, Pakistan, Saudi Arabia, Switzerland, United Kingdom Etc...

A Brief Report of Guest lecture on Nanotechnology

Dr. M. K. Rabinal, Karnataka University, Dharwad, delivered lecture on Nanotechnology and he addressed to students that Nanotechnology is manipulation of matter on an atomic, molecular, and supramolecular scale. The earliest, widespread description of nanotechnology referred to the particular technological goal of precisely manipulating atoms and molecules for fabrication of macroscale products, also now referred to as molecular nanotechnology.

He explained that a more generalized description of nanotechnology was subsequently established by the National Nanotechnology Initiative, which defines nanotechnology as the manipulation of matter with at least one dimension sized from 1 to 100 nanometers. This definition reflects the fact that quantum mechanical effects are important at this quantum-realm scale, and so the definition shifted from a particular technological goal to a research category inclusive of all types of research and technologies that deal with the special properties of matter that occur below the given size threshold.

He said that nanotechnology as defined by size is naturally very broad, including fields of science as diverse as surface science, organic chemistry, molecular biology, semiconductor physics, micro fabrication, etc. The associated research and applications are equally diverse, ranging from extensions of conventional device physics to completely new approaches based upon molecular self-assembly, from developing new materials with dimensions on the nanoscale to direct control of matter on the atomic scale

Further he said that scientists currently debate the future implications of nanotechnology. Nanotechnology may be able to create many new materials and devices with a vast range of applications, such as in medicine, electronics, biomaterials energy production, and consumer products. On the other hand, nanotechnology raises many of the same issues as any new technology, including concerns about the toxicity and environmental impact of nano materials, and their potential effects on global economics, as well as speculation about various doomsday scenarios.

During speech, he advised students to ask the questions. It was a very wonderful Guest lecture.

Introduction about the JNMC

Jawaharlal Nehru Medical College is a constituent medical school of newly created KLE University. It is located at Belgaum in Karnataka state. The college was earlier affiliated to the state unitary Rajiv Gandhi University of Health Sciences. The college has been adjudged among the top twenty medical school in the country as per a questionable national survey done in year 2007.

The college is recognized by the Medical Council of India, Malaysian Medical Council, and listed in W.H.O. World Directory of Medical Schools. Its high standards for teaching and research have attracted students from all over the world. There are collaborations with University of Illinois at Chicago, University of Missouri-Kansas City, Vanderbilt University, University of Alabama at Birmingham and University of Colorado Health Sciences Center for teaching and research. The college has received funding from Indian Council of Medical Research, World Health Organization and National Institutes of Health, USA.

The sprawling 100 acre campus in Belgaum has excellent infrastructure, such as state-of-the labs, equipment, as well as other facilities that collectively provide a professional environment. The college has a 1000-bed free charitable block as well as the 1250-bed KLE Society's Prabhakar Kore Hospital and Medical Research Centre on campus. The college also runs a rural hospital: Dr. Kamal Hospital & Medical, 150 km away at Ankola.

Dr. Prabhakar Kore Basic Science Research Centre:

Dr. Prabhakar Kore Basic Science Research Centre carries the research in medical field and also on photochemistry. It has very well equipped laboratories to carry out the DNA separation, RNA separation Protein separation to detect and diagnos the diseases. Major equipments are HPLC (High Performance Liquid Chromatography), UV Spectrophotometer, UPLC (Ultra Performance Liquid spectroscopy), Franz Diffusion Chamber, Gel electrophoreses, PCR, high revolving centrifuges, ELISA reader, and well equipped culture lab

to identify and quantify the concentration of the sample constituents (see Figure F). Since sample compound characteristics can be very different, several types of detectors have been developed. For example, if a compound can absorb ultraviolet light, a UV-absorbance detector is used. If the compound fluoresces, a fluorescence detector is used. If the compound does not have either of these characteristics, a more universal type of detector is used, such as an evaporative-light-scattering detector [ELSD]. The most powerful approach is the use of multiple detectors in series. For example, a UV and/or ELSD detector may be used in combination with a mass spectrometer [MS] to analyze the results of the chromatographic separation. This provides, from a single injection, more comprehensive information about an analyte. The practice of coupling a mass spectrometer to an HPLC system is called LC/MS.

UPLC (Ultra Performance Liquid Chromatography)

High performance liquid chromatography has proven itself to be very useful in many scientific fields, yet is limited in either speed or resolution. Ultra high performance liquid chromatography (UHPLC) increases throughput and resolution, primarily based on the use of smaller particles for separations.

The advantages are primarily based on the theories that under liquid chromatography. In general, increasing the efficiency of a separation will also increase its resolution. Since both efficiency and optimum flow rate are inversely proportional to particle size, a decrease in the particle size will increase both efficiency and flow rate.

For example, the particle size can be as small as 1.7 μ m compared to 3.5 μ m or 5 μ m that is typically used in HPLC. The particles must be able to withstand high pressure, extreme pH, and have a high load capacity in order to improve efficiency. Other innovations to the chromatography method include a high pressure solvent delivery system, to take into account the smaller particle size, fast injection cycle sample management, and specialized detectors with fiber optic flow cell design.

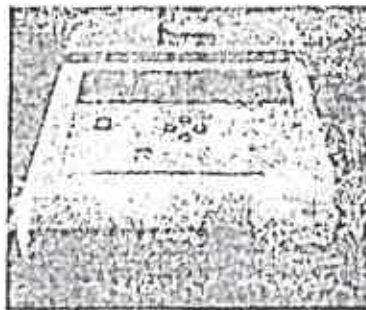

A comparison between Ultra High Performance Liquid Chromatography and High Performance Liquid Chromatography is shown in the table below:

The method relies on thermal cycling, consisting of cycles of repeated heating and cooling of the reaction for DNA melting and enzymatic replication of the DNA. Primers (short DNA fragments) containing sequences complementary to the target region along with a DNA polymerase (after which the method is named) are key components to enable selective and repeated amplification. As PCR progresses, the DNA generated is itself used as a template for replication, setting in motion a chain reaction in which the DNA template is exponentially amplified. PCR can be extensively modified to perform a wide array of genetic manipulations.

a) Thermal Cycler:

The thermal cycler (also known as a thermocycler, PCR machine or DNA amplifier) is a laboratory apparatus most commonly used to amplify segments of DNA via the polymerase chain reaction (PCR). Thermal cycler may also be used in laboratories to facilitate other temperature-sensitive reactions, including but not limited to restriction enzyme digestion or rapid diagnostics. The device has a *thermal block* with holes where tubes holding the reaction mixtures can be inserted. The cycler then raises and lowers the temperature of the block in discrete, pre-programmed steps

INTRODUCTION

The main motto of science is to study deeply and practically in the subject. Mainly biology students must study the interrelationship between organisms and their environment.

We have been asked to have a field visit to study "A NATURAL HABITATE MIMICRY AND COLORATION"

On 11-4-2017 at early morning we started in search of some photographs of

Animals and birds upto afternoon . Then we decided to make a project on that visit.

According to IVth semester syllabus we all B.Sc IVth Semester students of Zoology had been to

Kannerimath near by Kolhapur to study and observe the natural habitat of animals and birds.

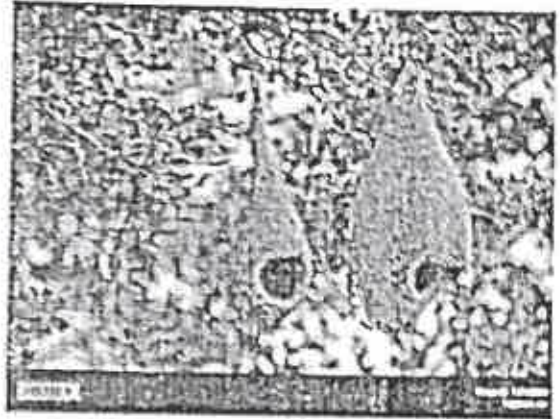

Actually we observed different

A Brief Report of Guest lecture on "Solar Energy & Its Applications"

Dr. L. D. Jadhav, Department of Physics, Rajaram College Kolhapur delivered a lecture on "solar energy & its applications". She explained that solar energy is energy obtained from the sun. We can put this energy to work for us in many ways, from heating water and living spaces within our homes to generating electrical energy. Solar energy is a type of radiant energy, so named for the vibrating particles 'radiating' from the sun that we talked about earlier. Solar energy is sometimes called solar radiation for this reason.

She also said that solar energy also does other kinds of work that is more indirect. Plants use the sun's energy through the process of photosynthesis to grow, and, more indirectly, we eat plants like fruits and vegetables to provide our bodies with energy. The sun is such an important part of life on Earth that it's not surprising that so many end-of-the-world science fiction movies begin with the sun not doing its job properly.

She further explained The major applications of Solar Energy are Solar Water Heating System, Solar Power Pack, Solar Street Light, Heat Pump, Solar Dish Cooker, Solar Water Pump, Solar Petrol Pump & Solar Water Purification System etc He also explained utilization of those instruments in day today life so that we can save power & electricity.

She said that since solar energy is completely natural, it is considered a clean energy source. It does not disrupt the environment or create a threat to Eco-systems the way oil and some other energy sources might. It does not cause greenhouse gases, air or water pollution. The small amount of impact it does have on the environment is usually from the chemicals and solvents that are used during the manufacture of the photovoltaic cells that are needed to convert the sun's energy into electricity. This is a small problem compared to the huge impact that one oil spill can have on the environment.

During speech, she advised students to ask the questions. Students interaction session is held. She satisfied the students by giving appropriate answers. Students enjoyed the session & taken information interestingly with enthusiasm.

Department of Hindi -Hindi Sahitya Sabha-Report

Under the auspicious of Hindi Sahitya sabha Hindi day was celebrated in our college on 06-02-2017. Dr.Dhanya kumar Birajdar of Sholapur was the chief guest. Dr.Aziz Nadaf was the guest of honour and Dr. M.B.Kothale, Principal of Our college presided over the function.

Dr.Dhanya kumar in his lecture emphasized on the awareness of Hindi language. He said now a days Hindi has expanded its horizon and establishment of Hindi Departments can be seen in foreign universities too. The credit not only goes to the people who are working for Hindi but also to the print and public media which has made commendable job in this direction. Due to this people anywhere in the world are able to go through the Hindi literature and translating many works into different foreign languages.

Dr.Aziz Nadaf, guest of honour spoke on the origin and evolution of Gazals and its contribution to the development of Hindi Literature. He presented a few Gazals, narrated them and sung in his melodious voice.

Dr. M.B.Kothale in his presidential remarks pointed that Hindi is not just the literature but it can open a path to new ventures.

Kum.Poorva solapurkar presented the invocation song. Prof. Shankar murthy introduced the guests. Kum.Sabreen Tahsildar presented the vote of thanks. Dr.M.D. Gurav. Chairman Hindi Sahitya Sabha, Prof. Hasina Attar, Prof .A.V.Gavade, teaching staff and students witnessed the occasion.

DEPARTMENT OF POLITICAL SCIENCE

To,

Smt. Krishnaveni Gurlahasor

Police Sub Inspector

Town Police Station, Nipani.

Dear Madam,

I'm very much thankful for enlightening us by being as chief guest for National Legal Literacy Campaign organized by the Department of Political Science and Taluka Legal Services Committee on 21st Nov, 2021. Your abundant knowledge on POCSO Act and Human Trafficking has enlightened us. In future we will plan for some more webinars/workshops and conferences with you as a Resource Person.

Thanking you,

ಪ್ರಬಂಧ ಮೌಲ್ಯಮಾಪಕರ ಮಾತು.....

ಅಧುನೀಕ ಜಗತ್ತು ಅತ್ಯಂತ ಸ್ಪರ್ಧಾತ್ಮಕ ಹೊಸ ಆಲೋಚನೆಗಳಿಗೆ ಇಂಬು ಕೊಡುತ್ತಿದೆ. ಅಂದರೆ ಹೊಸ ಆಲೋಚನೆ ಮತ್ತು ಬಿಚಾರಗಳಿಗೆ ಅವಕಾಶ ನೀಡಿದ ಕಾಲವಾಗಿದೆ. ನಮ್ಮ ಯುವ-ಶಕ್ತಿ ನಮ್ಮ ದೇಶದ ಬಹು ದೊಡ್ಡ ಬಲವಾಗಿದೆ. ಈ ಯುವ ಜೀತನಗಳನ್ನು ಸಲಿಯಾದ ಮಾರ್ಗದಲ್ಲಿ ಕೊಂಡೊಯುವಲ್ಲಿ ಈ ಮಾದರಿಯ ವಿಚಾರ ಸಂಕೀರ್ಣಗಳು, ಚರ್ಚೆ ಹಾಗೂ ಪ್ರಬಂಧ ಬರವಣಿಗೆ ಬಹಳಷ್ಟು ಪ್ರಯೋಜನಕಾಲಯವಾಗಿವೆ.

ಈ ಲೇಖಿಯ ಪ್ರಯತ್ನಗಳು ಯುವಕರನ್ನು ಬಿಡ್ಡಾಂಸರನ್ನಾಗಿ, ಚಿಂತಕರನ್ನಾಗಿ, ಕಾಯಕ ಯೋಗಿಯನ್ನಾಗಿ ಹಾಗೂ ದೇಶ ಪ್ರೇಮಿಯನ್ನಾಗಿ ರೂಪಿಸುತ್ತವೆ.

ಈ ನಿಟ್ಟಿನಲ್ಲಿ ಕೆ.ಎಲ್.ಇ.ಸಂಸ್ಥೆಯ ಜಿ.ಆರ್.ಬಾಗೇವಾಡಿ ಕಲಾ, ವಿಜ್ಞಾನ ಮತ್ತು ವಾಣಿಜ್ಯ ಪದವಿ ಮಹಾವಿದ್ಯಾಲಯ ಮತ್ತು ಸ್ನಾತಕೋತ್ತರ ಪದವಿ ಮಹಾವಿದ್ಯಾಲಯ, ನಿಪ್ಪಾಣಿ.

ಇವರ ಅಮೋಘ ಪ್ರಯತ್ನವು ಅದ್ಭುತವಾಗಿದ್ದು ನಾನು ವೈಯಕ್ತಿಕವಾಗಿ ಮನಃಪೂರಕವಾಗಿ ಮಹಾವಿದ್ಯಾಲಯದ ಪ್ರಾಚಾರ್ಯರನ್ನು ಮತ್ತು ಈ ನಿಟ್ಟಿನಲ್ಲಿ ಶ್ರಮವಹಿಸಿದ ಎಲ್ಲ ಸಿಬ್ಬಂದಿಯವರನ್ನು ಅದರಲ್ಲಿ ಪ್ರಮುಖವಾಗಿ ಪ್ರೋ. ವಿಜಯ ಧಾರವಾಡ, ಡಾ. ಜಿ. ಎ. ಚೌಗಲಾ, ಪ್ರೋ ಸುಧೀರ ಕೋಲವಾಲೆ ಹಾಗೂ ಡಾ ಜಿ. ಎಮ್. ಜನಗೌಡ ಸರ್ ರವರನ್ನು ಅಭಿನಂದಿಸುತ್ತೇನೆ. ಸಂದರ್ಭೋಚಿತವಾದ ಮತ್ತು ಸೂಕ್ತವಾದ ವಿಷಯವನ್ನು ಆಯ್ಕೆ ಮಾಡಿ ಅವುಗಳ ಬಗ್ಗೆ ಆಳವಾಗಿ ಚಿಂತನೆಗೆ ಯುವ ಸಮುದಾಯವನ್ನು ಹೆಚ್ಚಿಸಿದ್ದು ಒಂದು ಉತ್ತಮ ಪ್ರಯೋಗವಾಗಿತ್ತು.

1) ಧರ್ಮ ನಿರಪೇಕ್ಷತೆ, ಅಂಗ ಸಾಮ್ಯತೆ ಮತ್ತು ಸಮಾನ ಅವಕಾಶ-ವರ್ತಮಾನದ ಅವಶ್ಯಕತೆಗಳು

2) ಸ್ವಾವಲಂಬಿ ಭಾರತ : ಯುವಕರ ಪಾತ್ರ ಕುರಿತು ಯುವ ವಿದ್ಯಾರ್ಥಿ ಮಿತ್ರರು ಅನೇಕ ಉದಾಹರಣೆ ಸಹಿತವಾಗಿ ಅತಿ ಉತ್ತಮವಾಗಿ ವಿಷಯ ಪ್ರಧಾನವಾಗಿ ತಮ್ಮ ವಿಶಿಷ್ಟವಾದ ಬರವಣಿಗೆ ಕೌಶಲವನ್ನು ವ್ಯಕ್ತಪಡಿಸಿದ್ದರು. ಈ ಒಂದು ಪ್ರಬಂಧ ಸ್ಪರ್ಧೆಯಲ್ಲಿ ೬೫ 64 ಯುವ ವಿದ್ಯಾರ್ಥಿಗಳು ಭಾಗವಹಿಸಿದ್ದರು ಅದರಲ್ಲಿ ಅತ್ಯುತ್ತಮ ಪ್ರಬಂಧಕಾರರಿಗೆ ಪ್ರಥಮ, ದ್ವಿತೀಯ ಹಾಗೂ ತ್ರಿತೀಯ ಬಹುಮಾನ ಪಡೆದ ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ವಿಶೇಷ ಅಭಿನಂದನೆಗಳು ಜೊತೆಗೆ ಈ ಸ್ಪರ್ಧೆಯಲ್ಲಿ ಭಾಗವಹಿಸಿ ಸ್ಪರ್ಧಾತ್ಮಕ ನಿಲುವು ವ್ಯಕ್ತಪಡಿಸುತ್ತಾ ಈ ಕಾರ್ಯಕ್ರಮವನ್ನು ಯಶಸ್ವಿಗೊಳಿಸಿದ ಎಲ್ಲರಿಗೂ ಅಭಿನಂದನೆಗಳು, ಮುಂದುವರೆದು ನನಗೆ ಈ ಎಲ್ಲ ಉದಯೋನ್ಮುಕ ಬರಹಗಾರರ ಲೇಖನ ಮೌಲ್ಯಮಾಪನ ಮಾಡಲು ಅನುವು ಮಾಡಿಕೊಟ್ಟ ಮಹಾವಿದ್ಯಾಲಯದ ಪ್ರಾಚಾರ್ಯರಿಗೂ, ಸಮಸ್ತ ಸಿಬ್ಬಂದಿಯವರಿಗೂ ನನ್ನ ಅನಂತ ವಂದನೆಗಳು.....

Views on the online essay competition

The corona virus has transformed Social, Economic and Educational aspects of life. This terrific pandemic has hit hard our lives. A wise man changes his mind, thus now it's time to transform ourselves. In this phase of darkness, it's indeed is a great joy to be a part of such a developmental online **State Level Inter Collegiate Essay Competition**. It was a thought-provoking and skill developing competition.

I was amazed at the amount and quality of work, the team had put into their project and the professionalism of Prof. V.B. Dharwad, Dr. (Smt) G.A. Chougala, Mr. Sudir. S. Kothiwale, Dr. B.S Kamble and Dr. M.M. Hurali for organizing the competition in this pandemic. Everyone who took part has much to be proud of their attempt.

Topics:

1. Secularism, Gender Equality and Equal Opportunity: Needs of the Hour
2. Self-Reliant India: Role of Youths

The topics were excellent which made the students to put their creative efforts. These catchy titles were quite impressive and thoughtful. It proved to be the great chance for students to explore their creativity.

Choosing one over all was tough as everyone excelled in the topics given. Indeed, analyzing and presenting results in a very limited time was slightly uneasy but, joyful too. I would like to congratulate all the participants for putting up their best views.

I would like to express my heart felt gratitude for letting me an opportunity to be a part of such an exciting event.

With regards

(A One Day Workshop on Language Skills and Life Values)

Date: 11th October, 2019

Report

As an initiative of IQAC, the department of English organized a one day workshop on **Language Skills and Life Values** on 10th October, 2019.

The college invited various resource persons to participate in the workshop. The inauguration session incepted with welcome speech by the HOD Prof.R.K.Mulla and Prof.Suveda Kakade introduced the chief guest Dr. Gurudevi U. Huleppanavarmath.

The tradition continued in the form of lighting the lamp by the dignitaries and respecting the dignitaries with flowers. It was followed by the address of retired English professor Dr.R.Y.Chikodi.

Later keynote address by the chief guest ripened the inauguration function with her electric and enthralling verbal effect on the students.

Dr.C.V.Koppad presided over the function. The coordinator of IQAC Dr.B.S.Kamble was also on the stage. Eventually, Prof. Satish Kamble proposed vote of thanks to all the attendees.

Dr.G.U.Huleppanavarmath, the chief guest, is lighting the lamp to give a green signal to the workshop along with delegates and students.

Dr.G.U.Huleppanavarmath is addressing the students regarding the importance of English language and developing good personality for better future.

Dr.R.Y.Chikodi is addressing all to inculcate creative methods of teaching that impart life values.

Principal Dr.C.V. Koppad is emphasizing teaching must be unique, creative and inspiring.

The workshop was divided into four technically active sessions.

The First Session

The first of them was run by Dr. Gurudevi U. Huleppanavarmath pertaining to life values. In this session activity based handouts were distributed among the students. All the students took very mercurial part as it was based on activities relating to personality development and language skills. This helped students to improve their decision making skills and ability to think critically and analytically well for better life.

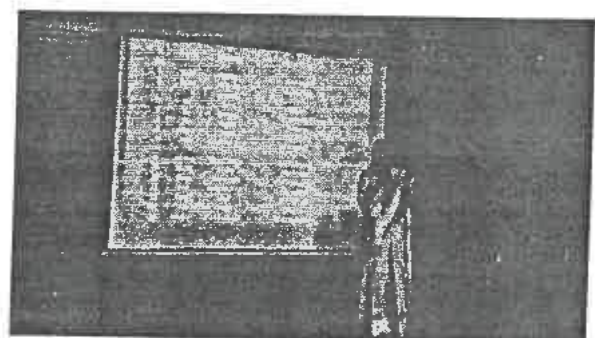

Dr. Gurudevi U. Huleppanavarmath is interacting with students during the Icebreaking activities.

The ice-breaking activity had a question "What are the important things do you take away from your house when your house is on fire and no longer than 10 minutes you can stay inside of your house?"

The Second Session

In the second session Prof. Sarika Nagare delivered a lecture on building vocabulary in various ways. To boost the interest of the students, she infused some activities to support her stances. Use of overhead projector also made a difference in this session. Students were immersed themselves deeply in joyous activities. Overall response was positive during this session.

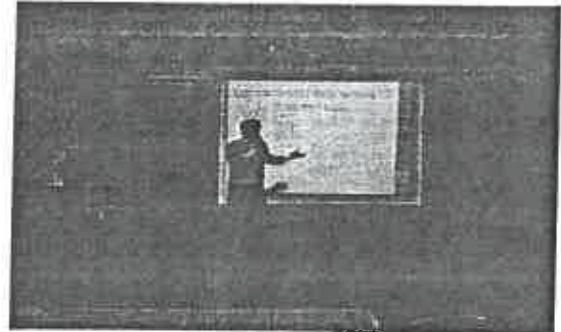

Prof. Sarika Nagare is guiding the students 'how to improve vocabulary to achieve command over English language'.

The Third Session

In the third session, Prof.Girijashankar Mane shared plenty of innovative techniques to improve writing skills with students. The video clips and images displayed with the help of overhead Projector helped students to learn effectively. He discussed various types of academic writings such as letter and job application, etc... He motivated students and faculty members to inculcate the skills of flawless writing.

Prof. Prof.Girijashankar Mane is delivering a lecture on methods or techniques to improve writing skills.

The Fourth Session

In the last technical session, Prof.Sudhir Shandage explained the elements of Phonetics. It was the most practical and active session of the day. He emphasized on articulation, intonation, pronunciation and stress patterns for better sounding English. Students were taken an active part in the interaction with him and visuals shown by him were impressive to all the students. Overall, it was of a great piece of profit for students.

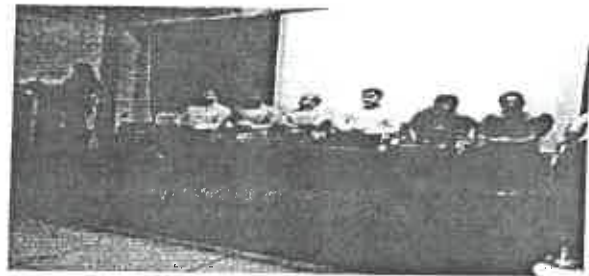

Prof.Sudhir Shandage is delivering a lecture on elements of Phonetics and how to sound like a native English speaker.

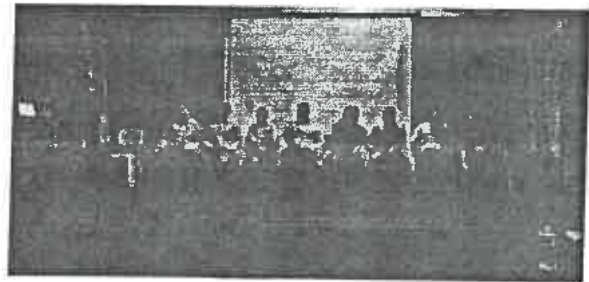

The Valedictory Session

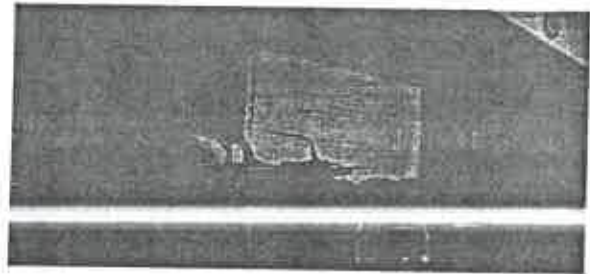

In the valedictory session the vice-principal Dr.R.G.Kharabe was the president of the session. Some of the students shared their experiences about the workshop with the audience and resource persons. Mainly Ananya Joni, Vinayak Patil and Asma Multani shared their experiences. Students insisted the resource persons to visit again to the college with further academic friendly approaches of this kind. Around 160 PG and UG students and lecturers were benefitted from this particular workshop.

Ananya Joni is sharing her views on the workshop.

Vinayak Patil is sharing her views on the workshop.

Asma Makandar is sharing her views on the workshop.

EXECUTIVE SUMMERY

One day UGC Sponsored national conference on "Growth and Challenges of infrastructure in India" was recently organized by K.L.E Society's G.I.Bagewadi Arts, Science and Commerce College Nipani., Karnataka. As much as 115 delegates from various colleges of Maharashtra and Kerala including Karnataka participated in this conference. Dr. N. G Chachadi, retired principal of Arts College, Karnataka University, Dharwad inaugurated and delivered the keynote address. Prof. M S Vanaki introduced the guests and the day's proceedings.

Dr. B. S. Kamble, Convener and head of the department of Economics, delivered welcome address and also introduced the theme of the conference. He elaborated that, today India is emerging country in the world and struggling to fulfill the dream of becoming super power country and front line economy of the world. Since independence a good number of steps, programs and policy frameworks have been made by the government. Consequently, the growth rate of our economy shifted from Hindu growth rate to moderate growth rate, and from primary sector to the industry and service sector. All the macroeconomic growth drivers have contributed for this achievement.

Infrastructure is one of the growth drivers of the economy in which drastic changes are taking place. For instance NHDP, expansion on bank branches, e-banking, digital transaction, PPP and FDI, modernization of agriculture and industry, expansion of irrigation, increasing generation of electricity and solar energy, rise in literacy and educational institutions, reforms in health care system, sanitation and in many other field.

In spite of all these growth trends in physical and social infrastructure at the parallel, each segment has its own challenges that become threat before us for having the world class infrastructure in our country. Keeping this issue in mind our department organized the conference with sub themes like; Role of infrastructure in agriculture, industry, trade and commerce, Physical infrastructure growth and challenges, Social infrastructure growth and challenges, Infrastructure growth policies and programmers. The theme of the conference is multidisciplinary in nature and comprehensive. Hence, the academician's potentiality in this conference may come out with policy measures.

Dr.N.G.Chachadi, retired Principal of Karnatak University, Arts College, Dharwad inaugurated the conference and delivered key note address on Growth and Challenges

LIBRARY AND INFORMATION CENTRE

REPORT ON LIBRARY ORIENTATION PROGRAMME- 2019-2020

Department of Library & Information Centre of the Information was organized six days orientation programme on "Library Information" from 22-07-2019 to 27-07-2019 for all UG & PG first year students.

It was organized in six sessions. In the beginning of the orientation programme Dr. Anand Y. Kenchakkanavar, librarian was said the Definitions, objectives and need of the orientation programme.

Definition of Library Orientation Programme:

User orientation means educating the library users – newly joined student, faculty, research scholar etc.

Fleming, (1990) defined User orientation as various program of instruction, education and exploration provided by libraries to users to enable them to make more effective, efficient and independent use of information sources and services to which these libraries provide access.

According to **Jacques Tacatlian** "User orientation is to include any effort or programme which will guide and instruct existing and potential users in the recognition and

formulation of their needs, in the effective and efficient use of information services and their assessment.

Objectives:

The main objective of the user orientation is to introduce the library facilities, resources, services and library techniques to the users. The orientation programme makes the users to familiarize to the resources and increases the use of library. Spending lakhs of rupees on purchasing books, print and online journals will not fulfill the aim of an educational institution, unless it should be utilized properly.

Need:

Due to the explosion of information and tremendous improvement in the field of information and communication technology (ICT), resulted the abundant availability of information. This abundant information discourages the users to retrieve their required information. It is considered as one of the main obstacle in information retrieval. Library professionals' role is very important in help the library users to pick their required information from the tons of tons information available. Library professionals should teach the users to basic literature searching skills and reduce their burden.

In latter hour Dr. Anand Y. Kenchakkanavar was provided the library instruction such as about the Library, Library working hours, Library facilities, Library seating capacity, its collection and services. Librarian in his lecture deeply explained the five laws of library (Books are for use, Every reader his/ her book, Every book its reader, Save the time of reader and Library is a growing organism) library functions, rules and regulations. In his lecturer he explained subject wise subscribed all forty journals, peer reviewed Journals and all twenty Magazines and sixteen news papers information's and how to get the library membership and their process and others information provided to the fresher's students as per following scheduled.

Hindi Sahitya Sabha

Under the auspicious of Hindi Sahitya Sabha, Hindi day was celebrated in our college on 14-09-2018. Dr.Madhavi Jadhav, Associate Professor, Vivekananda College, Kolhapur was the chief guest. Dr.M.B.Kothale, Principal of Our college presided over the function.

Dr. Madhavi Jadhav in her lecture said that Hindi as a language is very simple to learn and produces the same meaning what we write. It has a rich heritage and literature. More than 140 foreign universities have established the Hindi department where thousands of foreign students are studying Hindi. Due to this people anywhere in the world are able to go through the Hindi literature and translating many works into different foreign languages.

Dr. M.B.Kothale in his presidential remarks opined that Hindi language has opened lot of avenues for its learners.

Kum Prajakta Malagave presented the invocation song. Prof. Shankar murthy introduced the guest. Winners of Hindi kavya vachan and elocution presented their views. Vachanas translated to Hindi were presented. Kum Aishvarya khot proposed the vote of thanks. Dr.M.D. Gurav, Chairman, Hindi Sahitya Sabha, Prof. Hasina Attar, Prof .Smt Sunita Hunnaragi, teaching staff and students witnessed the occasion.

Competitions in Hindi on Kavya vaachan (Poetry recitation) and Essay writing were conducted on this occasion and the result is as follows,

DEPARTMENT OF BOTANY

A Brief Report of workshop on methods of propagation

A workshop on "Methods of Propagation" was organized by the department of Botany on 09.02.2018. The guest was Prof. A. T. Gurav of Gopal Krisna Gokhale College, Kolhapur.

Prof. Gurav said one has to have the habit of loving plants then only they can be nurtured. During the workshop, he showed different methods of propagation and made the participants to practice the same. He gave lot of information regarding the plants. He also taught the art of making bonsai and flower arrangement methods, which catch and attract the market; hence one can go for the side-business in that field.

All the students and staff of the Botany Department were present during the workshop. At the beginning Prof. Smt S.B.Patil welcomed the gathering and introduced the guest, Principal Dr. M. B. Kothale presided over the function and Miss. Aishwarya Modi delivered vote of thanks. Dr. Shivanand Payamalle has compeered the function. The Prof. Kharabe, Smt. S. S. Sunnal, Smt, J. R. Tikke and Miss. A. Maniyar were also present.

योगामुळे मानवाच्या पंचेंद्रियांवर नियंत्रण: डॉ. आरेर

निपाणी : प्रतिनिधी

योगशास्त्र हे सर्वशास्त्रात श्रेष्ठ आहे. मानवाच्या पंचेंद्रियांवर नियंत्रण मिळविण्यासाठी योगासन महत्वाचे असल्याचे प्रतिपादन डॉ. एम. एस. आरेर यांनी केले.

ते कर्नाटक विद्यापीठ व के.ए.ए.ई

संस्थेच्या जी. आय. बागेवाडी कॉलेजच्या संयुक्त विद्यमाने आयोजित योगाच्या एकदिवसीय कार्यशाळेत बोलत होते.

यावेळी डॉ. एम. बी. मेलीबमनी म्हणाले, जेथे योग नाही, तेथे रोग आहे. संयम आणि सदाचार हा

तरुणावगांच्या उन्नतीचा पत्र आहे. हे गुण योगासनाद्वारे प्राप्त व्हावे. रोगाचा नाश व्हावा. औषध होणार असल्याचे सांगितले. प्राचार्य डॉ. एम. बी. कौथळे म्हणाले, योगमुळे समवेत मानवा यांच्या योग प्रत्यक्षिकेचातून योगाचे महत्त्व समवून घेतले

पाहिजे.

दुसऱ्या सत्रातील व्याख्यानाना डॉ. आरेर व मेलीबमनी यांनी उत्साह, साहस, धैर्य, तत्त्वज्ञान, निश्चय, जमसंपर्क, रोगावरील नियंत्रण व मनाची एकाग्रता यावर योगासनात कसे मदत करते याची माहिती दिली. पूर्वा

सोलापूरकर हिने प्रार्थनागीत गायिले. डॉ. सी. बी. कमती यांनी स्वागत केले. यावेळी विद्यार्थी, प्राध्यापक उपस्थित होते. प्रा. प्रियांका पाटील, जयश्री मगदूम यांनी सूत्रसंचालन केले तर प्रा. एस. एस. शिंगटे यांनी आभार मानले.
